

2022 FLEURTY ROSÉ

WINEMAKING NOTES

This rosé is a careful blend of different varieties to craft an aromatic and perfumed wine. Mourvèdre, Pinot Noir and Malbec make up the majority of the blend, components which were grown specifically for this wine, and direct pressed for cool ferment in stainless steel. The other rosé components were sourced via saignée (juice drain off) from freshly crushed Reserve red fruit parcels and fermented in barrel for texture and complexity. The final component is the inclusion Gewürztraminer which provides the wonderfully sweet floral and ginger spice notes. This wine was bottled with a slight spritz to give extra vibrancy to the palate.

ANALYSIS

pH 3.38
TA 8.6 g/l
Alcohol 12.0 %
Residual Sugar 21 g/L

TASTING NOTES

Intensely aromatic and slightly spritzy, the Fleurty Rosé is a playful and fun wine with fragrant ginger spice and blossom notes, ripe strawberry and bright crushed watermelon and berry fruit aromas with a hint of honeysuckle. The palate is refreshing with soft acidity and beautiful berry fruit flavours on a juicy and lively palate.
