

2022 SÉRIEUX ROSÉ

WINEMAKING NOTES

This rosé is a unique blend of grape varieties; Mourvèdre (39%), Malbec (38%), Merlot (17%), and the balance made up with Cabernet Franc, Carménère and Cabernet Sauvignon. The grapes were direct pressed, with the majority cool fermented in stainless steel tanks using a combination of different aromatic yeast strains. The blend contains a 26% barrel ferment component. The tank component brings bright aromatics, and the barrel component provides volume, texture and added complexity to the final wine.
