The Water Race - Dry Riesling 2021

Located in an historic gold mining area, Domain Road has two vineyards. On Domain Road Vineyard the Riesling vines are planted on top of the remnants of an old lake bed. The second block on Defiance Vineyard (on Felton Road) is a corner block with predominantly clay based soils.

While working the area, 19th century gold miners exposed the mineral-rich 'pipe clay' which adds distinction to our Water Race Dry Riesling. In order to transport water around the gold fields networks of water races were dug by hand using picks and shovels. Following the contours of the hills these water races still provide irrigation to this dry area to support farming, orchards and vineyards.

The Wine

The grapes were hand harvested from Defiance Vineyard on 4th April 2021. The fruit was whole bunch pressed to stainless steel tanks and cold settled for two days. The juice was then racked and inoculated with selected wine yeast. The cool fermentation was stopped to retain a touch of residual sweetness to balance the acidity.

Pale lime with clear hues, our Water Race Riesling is a dry style wine with a bright acidity balanced with good fruit sweetness. Fragrant with lemon, lime, musk, orange zest and apple blossom on the nose. Intense and juicy with lime, tangelo zest, and apricot showing on the palate. A beautifully balanced wine, with good acidity, minerality and texture leading to a long ripe citrus finish.

Food match: An excellent food wine, full of flavour, so it can hold its own against quite strongly flavoured cuisine. Excellent with fish and seafood but also matches nicely with roasted vegetable salads and spicy lentil and black bean dahls.
